

# STAAR MASTER<sup>®</sup> Interactive

FREE TRIAL ACCOUNTS

**MATH ★ SCIENCE ★ SOCIAL STUDIES ★ READING LANGUAGE ARTS ★ GRADES 3-8**

Empower students by connecting rigorous STAAR MASTER<sup>®</sup> content to powerful instruction in a personalized digital learning environment.

## FEATURES

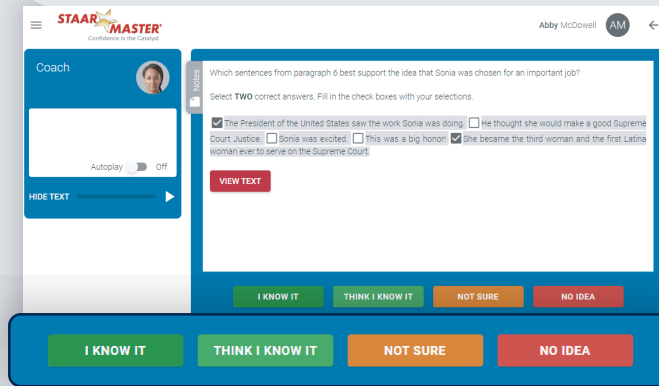

Interactive activities and questions that mimic the functionality of STAAR<sup>®</sup> 2.0

Autoscoring with model answers and rubrics for constructed response items

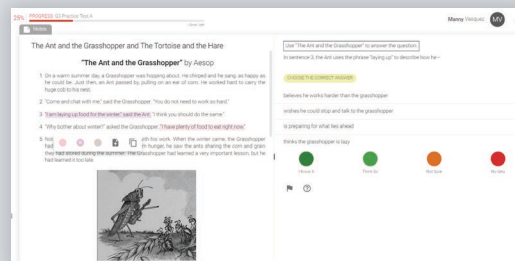

Comprehensive reporting and analytics

Ability to create custom modules to assign to the class or for intervention groups

Metacognitive student self-assessments after learning items

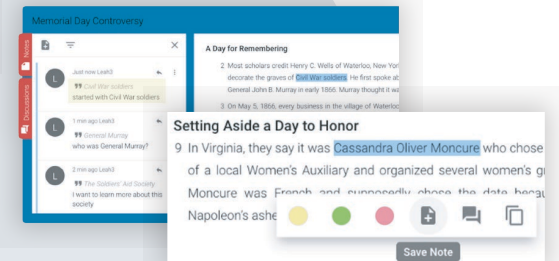

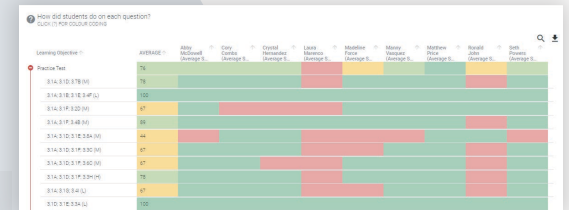

Teachers gain insight when students self-assess their own confidence in TEKS mastery.

Side-by-side RLA passages and question items streamlines students' practice experience

Teachers use powerful analytic tools at the individual and classroom levels to guide student performance.

Student-facing tools such as note-taking and highlighting improve learner confidence and build STAAR<sup>®</sup> readiness.
